Follow-up Audit

Over half of the NSW/ACT hospitals have successfully submitted their follow-up data. All remaining hospitals are working to a revised deadline with all data due by the end of October. Similar submission rates are being reported from the other states participating in APOP. Congratulations to the NSW APOP teams who have submitted their data.

Feedback Reports

The National Prescribing Service is collating the submitted data. Upon receipt of the final data sets NPS will commence the evaluation process. NPS has stated that the final feedback reports, including the inpatient data, patient evaluations and GP feedback data sets, will be available at the beginning of December.

Project Evaluation

Just as a reminder all hospitals are requested to complete the follow-up data collection log and the intervention activity log. Please fax your completed forms to the NSW TAG office. Please see the summary below outlining documents received by NSW TAG to date.

APOP Timelines

October 30th

Final day for submission of follow-up data, as per individual agreement between hospitals and NSW TAG/NPS.

November 1st – 30th

Evaluation of national data by NPS.

December 3rd – 14th

Circulation of feedback reports to APOP hospitals.

APOP Evaluation Submission Summary
